

The Chef Don Experience

Learning

= Fun

Food

Dear Educators:

Chef Don and Catering by Simple Elegance has created a program that will inspire our school children to increase their knowledge of geography and social studies, we call it fun learning with food. Each class or group decides on which country or historical eras they wish to take a culinary journey, then Chef Don prepares a menu. When the day arrives, Chef Don will lead the class/group in a lively informative half-hour dialogue drawing on his extensive travels to over 50 countries and keen knowledge of world history and economics. During this time the chosen meal is served and a new experience has begun. During his discussions with the students, Chef Don will relate the economics of the meal such as why certain foods are cooked and consumed in ways uncommon to our experiences. Please choose from one of our nutritious meals, see menus attached, or contact us for a custom designed menu. The cost per person includes the meal, equipment, service charges and our informative speaker Chef Don. The cost is \$6.50 per elementary and middle school student and \$10.00 per high school student (when meeting our minimum), only one menu per class/group for that day. The only additional cost is state sales tax and servers. Contact us at 336.499.5844 or 336.692.8624, we await the opportunity to expand our children's culinary horizons.

Professionally yours,

Andrew McMillan
President

We have the ability to offer menus from almost any country or region in the world such as: France, Italy, China, North America, Ireland, Germany, Central America, South America, West Africa, South Africa, India, American Indian, Moravian and more.
